**TRUCKING COALITION, U.S. DOT SPONSOR GREEN TECHNOLOGY WEBINAR**

***GREEN TRUCKS: THE VIEW FROM THE ROAD***

**Arlington, VA** – The latest in environmental issues and green technologies will be highlighted in a February 11th webinar hosted by the Trucking Industry Mobility and Technology Coalition (TIMTC). The webinar will feature presentations on the trucking industry's efforts to meet sustainability objectives and related green strategies and technologies available to fleets today.

A key presenter will be industry leader, Pat Quinn, Co-Chairman of U.S. Xpress Enterprises. Other presentations will include the American Trucking Associations, Southeastern Freight Lines and the programs and perspectives of the Environmental Protection Agency.

The webinar is hosted by the TIMTC, a U.S. DOT-sponsored collaborative forum for public and private sector stakeholders interested in keeping pace on the latest in truck technology initiatives and their potential for addressing today's truck safety and mobility challenges.

**WHAT:** *Green Trucks: The View from the Road*  
Trucking Industry Mobility and Technology Coalition (TIMTC) Webinar

**WHEN:** Thursday, February 11, 2010 11:00 a.m. – 12:30 p.m. EST

~~~~~  
TIMTC membership is free to public and private sector trucking industry stakeholders as a mechanism for collaborating on critical industry issues and programs and the technology solutions for addressing industry challenges. To join, send your contact information to [TIMTC@trucking.org](mailto:TIMTC@trucking.org) to get involved!

*The Trucking Industry Mobility & Technology Coalition is jointly managed by the American Transportation Research Institute (ATRI), the Commercial Vehicle Safety Alliance (CVSA), the American Association of State Highway and Transportation Officials (AASHTO), the U.S. Department of Transportation (U.S. DOT) and the American Trucking Associations (ATA). The TIMTC is sponsored by the U.S. DOT. Members include motor carriers, commercial drivers, law enforcement, technology providers, equipment manufacturers, transportation planners and policy makers at the local, state and federal levels.*
